

# Prepping for Your RPR Property Search

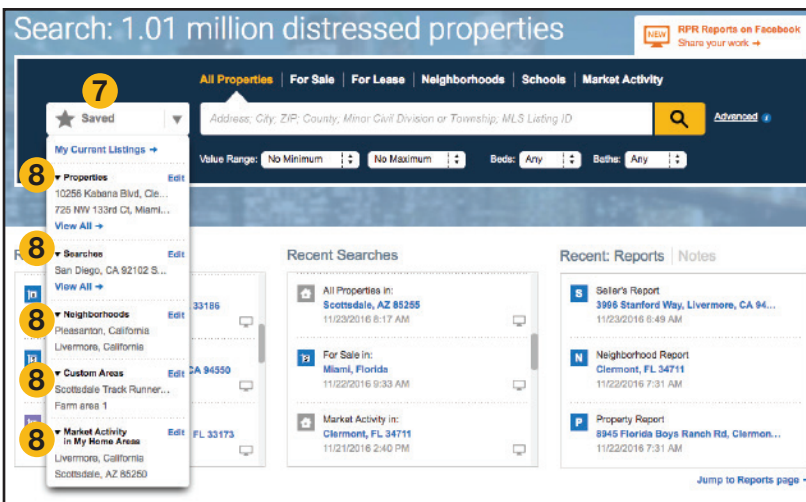

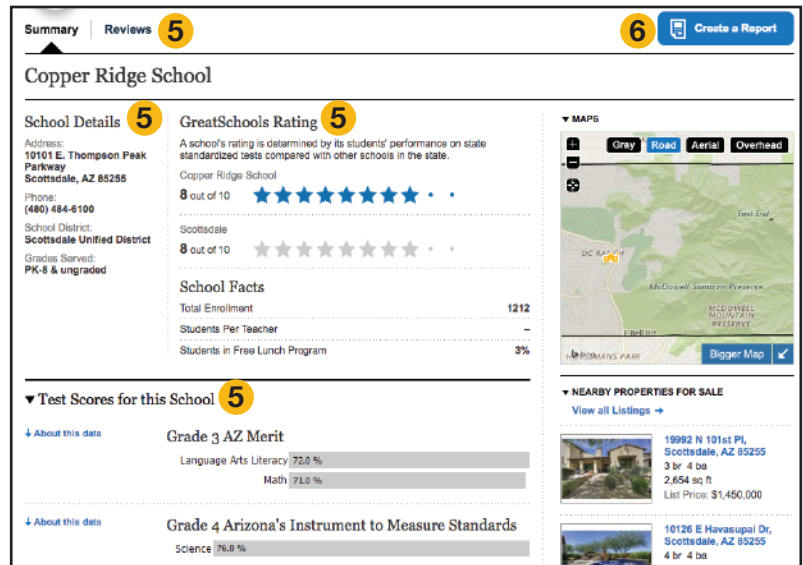

Find the right neighborhood for your clients

- 1 Select *Neighborhoods* from the search bar.
- 2 Enter a neighborhood name, city or ZIP.
- 3 Choose *Exact*, *Within*, or *Nearby* and click *Search*.
- 4 Review age ranges, average incomes, occupations, walkability, etc. under the *Neighborhood* tabs.
- 5 Click *Create a Report*.

## Search for schools

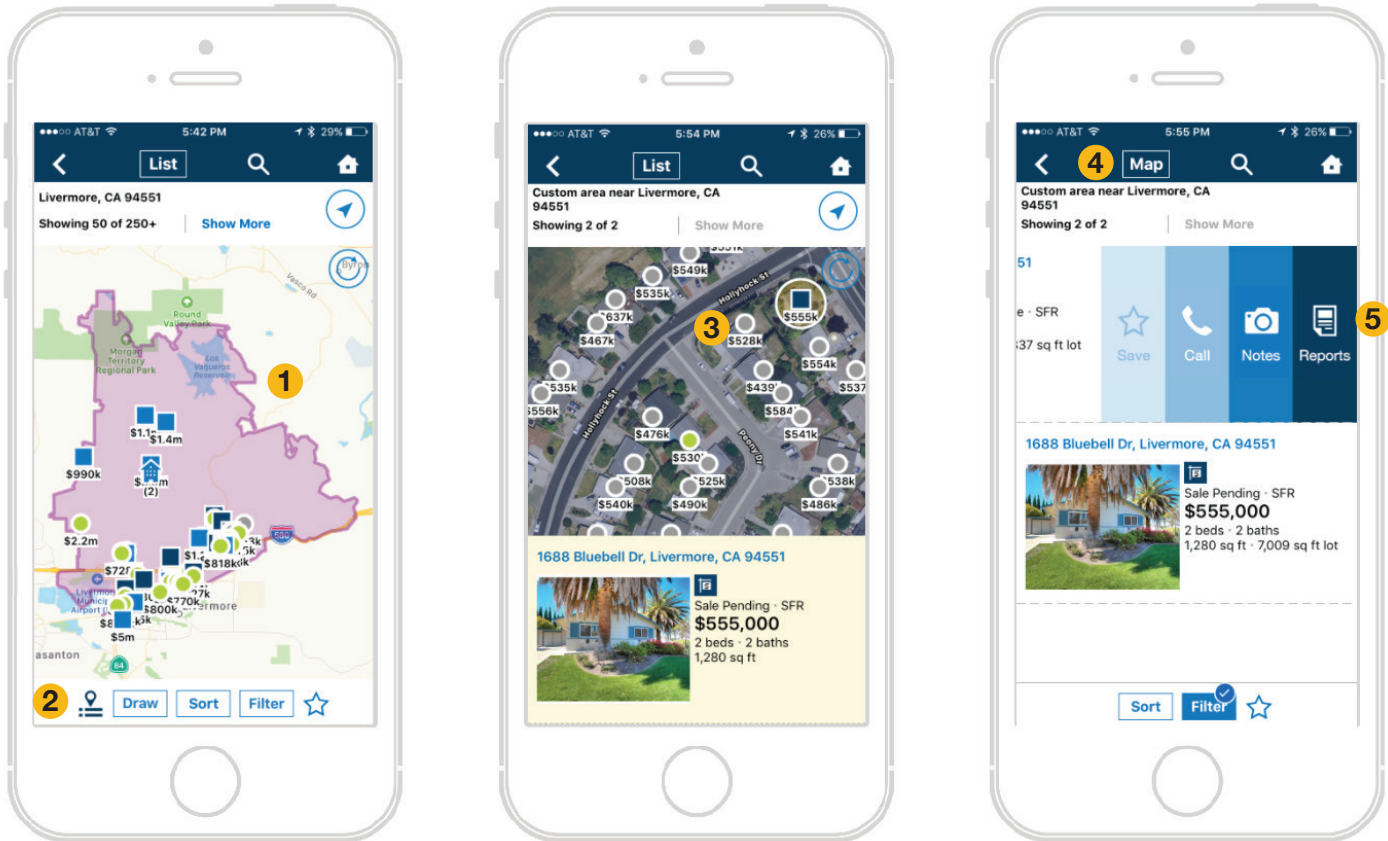

- 4 Select *Schools* from the search bar.
- 5 Select *School District* or *Geography*.
- 6 Drill down by choosing *Elementary*, *Middle*, *High*, or *All of the Above*.
- 7 Review school details, ratings, school scores, and parent reviews.
- 8 Click *Create a Report*.

Customize and save your searches

- 6 On any search or property, press *Save* and name the search.
- 7 Expand the *Saved* dropdown menu.
- 8 Access *Properties*, *Searches*, *Custom Areas*, and *Market Activity*.

# Out with a Client

- 1 **Map Search:** Search via the map *For Sale, Distressed, Pending, and Public Records* properties.
- 2 **Map Filters:** Draw your own boundaries on the map or sort and filter the options the appear.
- 3 **Public Records Properties:** Pinch and zoom to the street level of the map to show public records properties. Tap on any property to see more details.

- 4 **Toggle Map to List View:** Switch views to list the properties shown.
- 5 **Swipe for Quick Actions:** Swipe left on a property to save it, call the agent, write a note, or create a report.
