## How do I find integrations within RPR?

1 Go to the commercial subject's *Property Details* page at narrpr.com.

2 Scroll down to *Additional Resources* on the right side of the property details.

3 Click on the name of the integration to redirect to their site.

What integrations will I find in the Additional Resources section?

Valuate: Analyze a property to see if it would be a good investment as a flip or as a long term hold using a real estate investment tool provided by Valuate.

CompStak: A free database of lease and sales comps for commercial brokers/agents and appraisers. They provide millions of vetted, granular comps via their Exchange platform to third-party brokers and fee appraisers, with no fees or contracts.

Transactions zipForm Edition: REALTORS® who use zipForm® can go directly from RPR's Property Details page to zipForm®, and vice versa—all by way of one simple click. This integration allows select public records data fields from RPR to flow directly into the forms REALTORS® use in zipForm®.

ClimateCheck: ClimateCheck is a climate risk data provider that combines real estate, science and technology experience. Its goal is to empower all commercial and residential stakeholders – buyers, owners, brokers, investors and lenders by exposing and quantifying the risks related to the climate crisis.

First Street: Also available in the RPR "Additional Resources", First Street provides climate and environmental risk data for real estate properties, helping REALTORS® understand and communicate potential risks related to climate change.

NATIONAL ASSOCIATION OF REALTORS® | **RPR®**

Who are our national data partners?

Brevitas: Brevitas is a national commercial listing platform that is integrated into RPR. Their real estate marketplace provides REALTORS® a turn-key marketing solution and an instant competitive edge by offering a robust collection of property search and marketing tools.

CREXi: CREXi offers a database of commercial listings, including more than 48 million property records. It also provides RPR with daily updated data, which helps commercial real estate professionals quickly manage deals and close them faster.

TotalCommercial: TotalCommercial.com has been providing commercial real estate listing information online since 1995. TotalCommercial.com shares its listing information through RPR to offer REALTORS® more listings and more property research resources.

Land Broker COOP: LandBrokerMLS.com (which now goes by Land Broker COOP) was formed in 2018 by real estate brokers and agents to assist rural real estate professionals in their ability to view land listings. LandBroker COOP contributes listing data to RPR's commercial platform.

Biproxi: Biproxi's new public marketplace is called Officespace.com and it provides powerful listing capabilities for "for sale" and "for lease" properties. Biproxi's Officespace.com provides listing information for RPR's commercial real estate users.

MOODY'S: Moody's Analytics offers a commercial property listing and marketing solution to numerous REALTOR® Associations and CIEs (Commercial Information Exchanges). It helps RPR receive licensed commercial listing content from many markets across the country.

CompStak: CompStak is a nationwide crowdsourced commercial comp database that offers RPR users to receive 500 free credits to search and share commercial comparables. Get started by clicking on the CompStak logo in the Additional Resources section of any RPR commercial property page.

Officespace.com: See BiProxi above.

ICSC: ICSC, The International Council of Shopping Centers, has a special agreement with RPR to offer retail and commercial real estate data, which contributes significant insight relevant to the shopping center industry and broader commercial sectors.
